

Watercolor Verse

What You Need:

- “Lemonade Memory Verse” Activity Page
- Washable watercolor paints
- cups of water
- small paintbrushes
- tablecloths

What You Do:

- Print the “Lemonade Memory Verse”.
- Give your child a paint smock or oversized t-shirt to wear to protect clothing.
- Read the memory verse together to review. Then, encourage your child to use the watercolor paints to color in the pitcher of lemonade.

What You Say:

“All month long, we’re learning a verse to help us remember that **[Bottom Line] God loves me**. It says, ‘*Nothing at all can separate us from God’s love*, Romans 8:39.’ Let’s say that together!

(Say verse.)

“Great job! This month’s verse is written right here on your pages. Let’s use the paints to add some color to our page. Where does the lemonade go in our picture? *(Pause.)* Yes! The lemonade goes inside the pitcher! Let’s paint inside the pitcher.”

“Your painting is beautiful. When you look at them this week, remember that nothing can separate you from God’s love because

[Bottom Line] God loves me!

Who loves you?

[Bottom Line] God loves me!”

Lemonade Slime

What You Need:

- plastic tablecloth
- a large clear bowl
- a wooden spoon
- foam shaving cream
- a three oz. box of lemon gelatin (not sugar free)
- white school glue
- baking soda
- saline solution
- plastic cups
- wet wipes for messy fingers
- *(Optional: yellow food coloring)*

What You Do:

- Cover the table with a tablecloth. Gather the ingredients for making the slime using the quantities below.

4 cups foam shaving cream

1 tablespoon lemon gelatin dissolved in 1 tablespoon warm water

½ cup white school glue

½ teaspoon baking soda

2 tablespoons saline solution

1. Add the four cups of shaving cream to the bowl.
2. Add lemon gelatin and water mixture, yellow food coloring (if desired), and stir into shaving cream to incorporate.
3. Add ½ cup white school glue. Gently stir to combine.
4. Add ½ teaspoon baking soda to the mixture, and stir gently.
5. Add two tablespoons of saline solution and whip mixture to activate the slime. Slime should start to pull away from the sides of the bowl.
6. Squeeze a drop or two of saline solution on your hands, pull the slime out of the bowl, and knead until it's smooth and can be stretched.

7. Set all slime making supplies aside, out of reach of children.

- Encourage your child to knead their slime and let it ooze from their hands into and out of the cups as they “pour” their lemonade.

(NOTE: Fluffy slime does not hold up well, lasting only a day or two.)

What You Say:

“Let’s make some lemonade slime!

I have to follow the plan so that our slime comes out right!”

“This slime is SO fun to play with, and it smells just like lemonade. Try to pour your slime into the cup, like this.” (Demonstrate.)

Today, we’ve learned that God has a plan for us, too. He loves you so much!

Who loves you?

[Bottom Line] God loves me.”

**"Nothing at all can ever separate us from God's love."
Romans 8:39, NlrV**
